

**CAR-ELE JAPAN**  
Automotive Electronics Technology Expo

**PWB EXPO**  
Printed Wiring Boards Expo

## Thank you so much visiting to our CMK booth

We are truly glad that we were able to show so many visitors  
our functional and reliable PCBs  
for Advanced driver Assistance System(ADAS) or  
Internet of Things(IoT). Those PCBs have effective abilities for  
“smaller”, “thinner”, “flexible” end products.  
Thank you again for visiting to us.

**CAR-ELE JAPAN**  
Automotive Electronics Technology Expo
