

Session: January 18-20, 2017 Event Site: Tokyo Big Sight, Japan

Thank you so much
for visiting to CMK booth.

We presented our functional and reliable PCBs that
realize “small”, “thin” and “flexible” for ADAS
- Advanced driver Assistance System - and IoT
- Internet of Things - by presentations and exhibitions.
We appreciate many visitors coming to our booth.

All staff of CMK hope you visit to CMK booth again !
Next session of NEPCON JAPAN : January 17-19, 2018
