

20017 6. 7 WED. ▶ 6. 9 FRI. Tokyo Big Sihgt

We presented our functional and reliable PCBs that realize “small”, “thin” and “flexible” for ADAS – Advanced driver Assistance System – and IoT – Internet of Things – by presentations and exhibitions. We appreciate many visitors coming to our booth.

All staff of CMK hope you visit to CMK booth again !
Next session of JPCA Show 2018 : June 6–9, 2018
